Monthly Indicators

March 2024

U.S. existing-home sales improved for the second month in a row, jumping 9.5% to a seasonally adjusted annual rate of 4.38 million units, exceeding economists' expectations and marking the largest monthly gain in a year, according to the National Association of REALTORS®(NAR). The rebound in home sales comes amid fluctuating mortgage rates and elevated sales prices, indicating there is plenty of buyer demand heading into the spring selling season.

New Listings increased 10.6 percent for Single Family and 100.0 percent for Townhouse/Condo. Pending Sales decreased 58.5 percent for Single Family and 56.3 percent for Townhouse/Condo. Inventory increased 58.3 percent for Single Family and 84.3 percent for Townhouse/Condo.

Median Sales Price increased 0.7 percent to \$579,000 for Single Family and 5.0 percent to \$470,000 for Townhouse/Condo. Days on Market increased 33.7 percent for Single Family and 32.8 percent for Townhouse/Condo. Months Supply of Inventory increased 78.3 percent for Single Family and 94.3 percent for Townhouse/Condo.

The recent surge in home sales was likely due to a dip in mortgage rates in December and an increase in housing supply nationwide. According to NAR, total inventory grew 5.9% month-over-month and 10.3% year-over-year to 1.07 million units, for a 2.9 months' supply at the current sales pace. Buyer demand remains robust, and the limited supply of inventory helped push the median existing-home sales price up 5.7% year-over-year to \$384,500, the eighth consecutive month of annual price increases.
